For centuries, the legendary White Continent has captured the imagination of explorers worldwide, enticing modern adventurers with its awe-inspiring wildlife, breathtaking landscapes, and colossal icebergs. Embark on a thrilling 9-day expedition to the Antarctic Peninsula and immerse yourself in action-packed spring days on the Last Continent.

Join us onboard our purpose-built, ice-class expedition vessels, Ocean Victory and Ocean Albatros to experience the majesty and wonder of Earth's last frontier up close and personal. Our vessels enable us to get closer to nature, with a fleet of Zodiac landing craft, a team of experienced expert expedition guides, and the Antarctic Peninsula as our spectacular destination.

Departing Argentina's southernmost city of Ushuaia, we cross the mighty Drake Passage en-route to the South Shetland Islands, aiming to arrive on the afternoon of the third day of our voyage (weather permitting).

Continuing southward from the South Shetland Islands, we will delve deeper into the inlets and bays of the Antarctic Peninsula, entering the famous Gerlache Strait, where glittering ice cliffs and precipitous peaks rise straight out of the frigid water. Icebergs, glaciers, mountains and rugged snowfields characterise this wildly beautiful alien landscape.

On no other journey can you experience so much pristine nature and varied wildlife in such a short time. Our skilled Captain and Expedition Leader will work hard to maximise opportunities to explore the White Continent. While wind, sea and ice conditions will dictate the exact locations we will visit, we will make Zodiac landings to allow guests to set foot on land and experience penguin rookeries, research stations and historical sites, and aim to Zodiac cruise in scenic areas filled with giant icebergs, whales and seals. Jaw-dropping scenery and landscapes are guaranteed!
