Storied and sought for centuries, the great White Continent beckons intrepid modern-day explorers from all over the world. Experience incredible wildlife, stunning scenery and gigantic icebergs in action-packed days on the Last Continent on our 12-day voyage to the Antarctic Peninsula.

Join us onboard our purpose-built, ice-class expedition vessel, Ocean Victory to experience the majesty and wonder of Earth's last frontier up close and personal. Our vessels enable us to get closer to nature, with a fleet of Zodiac landing craft, a team of experienced expert expedition guides, and the Antarctic Peninsula as our spectacular destination.

Departing Argentina's southernmost city of Ushuaia, we cross the mighty Drake Passage en-route to the South Shetland Islands, aiming to arrive on the afternoon of the third day of our voyage (weather permitting).

Continuing southward from the South Shetland Islands, we will delve deeper into the inlets and bays of the Antarctic Peninsula, entering the famous Gerlache Strait, where glittering ice cliffs and precipitous peaks rise straight out of the frigid water. Icebergs, glaciers, mountains and rugged snowfields characterise this wildly beautiful alien landscape.

With an extra day to explore compared to our Classic Antarctic voyages, you will have even more time to experience the White Continent. This voyage has no set itinerary - however, we always aim to visit locations which showcase the best of Antarctica; wildlife sightings and weather conditions will decide the exact sites we visit as we move with the rhythms of nature; perhaps a well known penguin colony will draw us west, and whale and seal sightings will draw us back again! Wherever the whims of Mother Nature take us, jaw-dropping scenery and landscapes are guaranteed!
